

## FM 60 L11M IP HVIP L10M GFK AL STTZN (819 760)

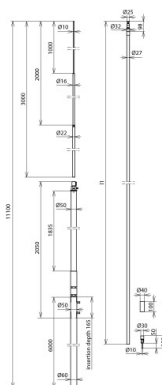

Figure without obligation

| Type  | FM 60 L11M IP HVIP L10M GFK AL STTZN |
|---|--------------------------------------|
| Part No.                                      | 819 760                              |
| Total length of air-termination mast          | 11000 mm                             |
| Length of air-termination rod                 | 3000 mm                              |
| Material of air-termination rod               | Al                                   |
| Length of supporting tube                     | 2300 mm                              |
| Material of supporting tube                   | GRP / Al                             |
| Length of mast pipe                           | 6000 mm                              |
| Material of mast pipe                         | St/tZn                               |
| Diameter Ø conductor                          | 27 mm                                |
| Colour of conductor                           | black •                              |
| Material of conductor                         | Cu                                   |
| Minimum order length                          | 10 m                                 |
| Maximum order length                          | 35 m                                 |
| Suitable for installation outside of tube     | no                                   |
| Max. gust wind speed                          | 147 km/h                             |
| Weight  | 56,64 kg                             |
| Customs tariff number (Comb. Nomenclature EU) | 85389099                             |
| GTIN  | 4013364240391                        |
| PU  | 1 pc(s)                              |

We reserve the right to introduce changes in performance, configuration and technology, dimensions, weights and materials in the course of technical progress. The figures are shown without obligation.
