

**STAK 2X16 (900 589)**

Allows to connect cross-sections that are smaller than the specified minimum terminal cross section of the surge protective device

| Type  | STAK 2X16                  |
|---|----------------------------|
| Part No.                                      | 900 589                    |
| Lightning impulse current (10/350 µs)         | 25 kA                      |
| Cross-sectional area (min.)                   | 2x 1,5 mm <sup>2</sup>     |
| Cross-sectional area (max.)                   | 2x max. 16 mm <sup>2</sup> |
| Type of connection                            | front (double terminal)    |
| Weight  | 20 g                       |
| Customs tariff number (Comb. Nomenclature EU) | 85369010                   |
| GTIN  | 4013364109339              |
| PU  | 1 pc(s)                    |
